

Graphic Innovations

Industry Leaders in Wide-Format Printing

The Graphic Innovations' team is comprised of skilled designers and industry veterans capable of handling any project. Our commitment to quality has made us New England's leading wide-format printers. From our collaborative design stage through installation and after-care, we ensure that your project is produced with the utmost quality and attention.

APPLICATIONS

VEHICLE WRAPS

From passenger to commercial, we design, complete, and install wraps for a wide range of vehicles and fleets to help spread your message, on and off the road.

BANNERS

No matter the size, from retail, to pole, and graphic banners, our banners are produced in sensational color and are designed to promote any special occasion, business, or event.

TRADE SHOW

From pop up displays and banner stands, to table drapes and floor signage, we provide solutions to make sure your business stands out at events of any size.

WALL MURALS

All of our wall graphics are collaboratively designed to meet any space's unique needs, whether for an office, retail, restaurant, or home environment.

WINDOW GRAPHICS

We create vibrant, eye-catching window graphics designed to provide privacy and enhance any showroom, restaurant, office, or retail space's appearance.

PROCESSES

Printing

Our wide-format printers produce high-resolution and photo-realistic images upon a wide variety of media including photo-based paper, watercolor paper, and adhesive-backed vinyl.

Finishing

Our finishing department offers an extensive range of services that includes laminating, plaquing, die-cutting, framing, and easel backing.

Installation

From collaboration to creation to installation, our team will supply our expertise at every step of your project.

CERTIFICATIONS

3M™ Certified

Our adherence to strict standards means that we are the only 3M™ certified installer in the state of Rhode Island.

3M™ MCS™ Warranty

3M™ MCS Warranty

Our MCS certified machine uses only 3M™ certified inks and materials, with reinforced quality and extended, multi-year warranties.

UASG Membership

As a United Application Standards Group Member, all of our installation processes have been rigorously testing and evaluated.
